FOLLOW UP QUESTIONS:

1. *Aiming for urgencies:* What would you say are the *primary reasons for a lack of awareness of the ministry of chaplains* that you have experienced in your own circumstances for families who may have needs that can be better served when they are in time of suffering?
2. What are the top two or three practical take-aways from this webinar to help you become more aware of the *importance of the work* of Catholic chaplains?
3. One theme you may have heard during this webinar is that improving the way in which we act as the Body of Christ has much to do our *own personal awareness of our need for the Church's helps and graces, and our conviction to share that with others in their times of need.* What are one or two ways you can see pursuing this more fully in your own life?
