FOLLOW UP QUESTIONS:

1. *Aiming for urgencies:* You heard about Strengths, Weaknesses, Opportunities, and Threats in your ministry. How would you answer that question for yourself? Dr. Mark listed the Top 10 that he has heard from throughout the country? How would yours be similar and different?
2. What are the top two or three practical take-aways from this webinar to help you become more aware of the local needs in your diocese, parish, school, or family? How could you use the S.W.O.T analysis method to help your local community?
3. One theme you may have heard during this webinar is helping parents to fulfill their vocations as the primary intentional catechists of their children. The statistically most significant practice to predict the continuing practice of the Catholic faith is daily prayer before meals. What are one or two ways you can encourage families to make this a deeply rooted habit?
