**FOLLOW UP QUESTIONS:**

1. *Aiming for urgencies:* What would you say are the *primary anxieties* that you encounter in those who are aging?
2. What are the top two or three practical take-aways from this webinar to help you teach others the Church's *hopeful* view of human generosity in loving those who are aging or struggling with dementia?
3. One theme you may have heard during this webinar is that improving the care we give to those who are aging has much to do our own call to holiness – trusting that our sacrifices and generosity are a *means* to become all that God graces us to be for Him. What are one or two ways you can see pursuing this call more fully in your own life and helping others in this area in your current circumstances?
