

## THE CATECHETICAL PURPOSE of Sacred Architecture

Webinar Presented by Carter Hord, AIA, Michelle Wisnieski,  
and Mark Isinger of Hord Architects – Tuesday, August 6, 2024

### FOLLOW UP QUESTIONS:

1. *Aiming for urgencies*: You heard about “reading a building.” How could you become more proficient at “reading” your church and the church buildings near you for the sake of handing on the faith in a more concrete way?
2. What are the top two or three practical take-aways from this webinar that could immediately inform your ministry? How would you *share* those ideas with your co-workers?
3. One theme you may have heard during this webinar is how to creatively incorporate truth, goodness, and beauty in your work. In the next catechetical or school year, how could you and your colleagues incorporate more *beauty* into your catechesis?
