

## Priestly Renewal Track (PR) | IN PROGRESS

In reaching out to assist diocesan bishops and religious superiors, Franciscan University aims to provide a high-quality series of workshops for seminarians and priests desiring superlative, efficient, and pragmatic formation for their leadership roles in the new evangelization. We have developed means to help seminarians and priests explore authentically Catholic approaches to outreach, inculturation, and communicating the *kerygma* effectively with strong follow-up. The workshops available through this track provide seminarians and priests with deeper formation for missionary outreach and increase their ability to attune parish life to be truly outward-oriented centers for evangelization and discipleship. Undergirding this formation is the basic assumption that every man in Holy Orders is worth deep investment to foster excellence in that vocation, and that God's grace and His Spirit can bring much from our poverty and weakness.

*Forming those who form others.*
